October 11 and 12, 2018

ENGLISH VERSION

October 15 and 16, 2018

PORTUGUESE VERSION

COURSE DIRECTORS:  
Inês Zimbarra Cabrita, Ph.D  
Francisca Patuleia Figueiras, Ph.D

SCIENTIFIC COMMITTEE:  
Fausto J. Pinto, MD, Ph.D, FESC, FACC, FSCAI, FASE  
Dulce Brito, MD, Ph.D, FESC  
Joaquim Ferreira, MD, Ph.D  
Catarina Sousa, MD  
Cristina Valente, Pharm D.

### TARGET AUDIENCE:

Health Care Professionals (doctors, research fellows, allied health professionals, nurses, and study coordinators) with zero to 5 years of experience in Clinical Research and anyone who would like to learn the fundamentals of Good Clinical Practice and extend their knowledge in Clinical Research methodology and procedures.

### DESCRIPTION:

Running clinical studies is a complex task that requires many skills ranging from Good Clinical Practice knowledge of applicable regulations up to operational aspects on how to carry out clinical studies. Having a high trained and specialised study team conducting clinical research is the main key to achieve success in recruitment objectives and high standards of quality and performance.

This interactive 2-day course will provide comprehensive knowledge on the practical aspects of clinical studies which are essential to reach the highest quality of data whilst ensuring study participants safety and well-being also optimizing your professional knowledge.

EACCME  
European Accreditation Council  
for Continuing Medical Education  
12 CME points

For English Edition only
